

# FUTURE ENERGY SUMMIT 2017

**THE FUTURE ENERGY JOBS BILL HAS PASSED!**

*Thank you for supporting Illinois' bright energy future.*

With the Future Energy Jobs Act, the State of Illinois has pledged to move to 25% clean energy by 2030. Priorities include developing new infrastructure and jobs, reducing energy cost for businesses and residents, and serving disadvantaged communities through brownfield redevelopment and community solar projects, among other means.

**Stimulate** job creation with new investments in energy efficiency, renewables, and energy innovation

**Enhance** Illinois' position as a leader in the clean energy economy, attracting investment and new companies to Illinois

**Preserve** Illinois' low energy rates for residents and businesses

**Wednesday, August 2 • 7:30 a.m. - 12 Noon**

Kankakee Community College, Riverfront Campus • Kankakee, IL  
Iroquois Room • Continuing Education & Career Services

**Plan to attend our FUTURE ENERGY SUMMIT to learn about what this new legislation may mean for you as an Illinois business owner, elected official, resident or farmer.**
